38. For members to consider premises licenses.

The Clerk explained that the previous premise license was dated 2010. After a discussion with the district licencing team, advice has been given to the council to amend its current Premises Licence.

The reason, is that the current licence shows several premises locations, and the licence needs to relate to one area. The process to do this is called a variation of its licence.

This is a lengthy process and the assistant clerk has put a lot of work into applying for a new license. It has involved liaising with the Police and SKDC licencing team and once finalised, it will need to be advertised in the local newspapers and via signs on the field.

Members discussed and **RESOLVED** unanimously for the Clerks to proceed with an application to vary its current licence.

A discussion took place regarding a bench which has been donated to Market Deeping by the Rambler's association. It is the same style as a new one at Riverside.

It is proposed that an additional 4/5 benches could be placed in Market Deeping with a map showing their location, so that people can walk knowing where their next resting place could be.

The Clerk requested that the benches should be of recycled materials so there are no ongoing maintenance issues. The recycled benches have a guaranteed lifespan of 25 years.

Permission has to be obtained from Lincolnshire Highways team and Cllr Dr Byrd wondered if permission could be obtained for all of the benches at once.
